

CLINICAL PSYCHOLOGY

Admission Requirements

Applicants apply for admission to the program via the J. Jeffrey and Ann Marie Fox Graduate School application for admission (<https://gradschool.psu.edu/admissions/how-to-apply>). Requirements listed here are in addition to Graduate Council policies listed under GCAC-300 Admissions Policies (<https://gradschool.psu.edu/graduate-education-policies/>).

Students will be admitted on a competitive basis and must submit the following:

- completed Graduate School application form (<http://gradschool.psu.edu/prospective-students/how-to-apply/>) with the application fee
- official transcripts from all post-secondary institutions attended (<http://gradschool.psu.edu/prospective-students/how-to-apply/new-applicants/requirements-for-graduate-admission/>)
- three professional letters of recommendation, two of which need to be from academic letter writers
- a brief (two-page) interest statement

GRE scores are not required for admission, but students who do not submit GRE scores will not be eligible for most graduate assistantships and/or scholarships.

The applicant must have a bachelor's degree from a regionally accredited academic institution or the equivalent, must have completed at least 18 credits in psychology, and must have a cumulative grade-point average of 3.0 or above in the last 60 credits of undergraduate course work. The undergraduate work must include a statistics course and a psychology research methods course with grades of B or higher. Students must submit a resume or CV and an APA-style paper (from a class is appropriate) for evaluation. A personal interview is required.

Applications are processed on a rolling basis with admission to the program granted only in a fall semester
