

ENERGY, ENVIRONMENTAL, AND FOOD ECONOMICS

Graduate Program Head	Dave Abler
Program Code	EEFE
Campus(es)	University Park (Ph.D., M.S.)
Degrees Conferred	Doctor of Philosophy (Ph.D.) Master of Science (M.S.) Dual-Title Ph.D. and M.S. in Energy, Environmental, and Food Economics and Demography Dual-Title Ph.D. and M.S. in Energy, Environmental, and Food Economics and Operations Research
The Graduate Faculty	View (https:// secure.gradsch.psu.edu/gpms/? searchType=fac&prog=EEFE)

The Ph.D. program in Energy, Environmental, and Food Economics (EEFE) is designed to educate students as applied research economists in the fields of energy economics, environment and natural resource economics, and industrial organization in the food sector. Through completion of advanced course work and rigorous skills training, the Ph.D. programs will prepare students to conduct independent research in accordance with the highest ethical standards, scientific integrity, and interpersonal collegiality, and to effectively interpret and communicate the results of their research. The EEFE Ph.D. curriculum will prepare students to conduct original research that advances scientific knowledge in their fields of specialization. Students will also acquire the background and skills necessary to be effective teachers, mentors, and practitioners of economics. As an intercollege graduate program, EEFE faculty members reside in several Penn State departments and Colleges. Students in the program have access to and utilize resources of the participating departments (courses, faculties, and facilities).
