The graduate program is designed to prepare students for research, teaching, administrative, and supervisory positions in colleges and universities, public and private recreation and park systems, voluntary agencies and institutions, and commercial ventures.

The program is oriented to meet the specific needs and research interests of the students. Students may pursue interests in the community, including public park and recreation systems, voluntary agencies, and private commercial enterprises; tourism; institution and community-oriented therapeutic settings concerned with many different disabilities and utilizing a variety of activity modalities; park planning, resource management, interpretive services, outdoor education, and outdoor recreation services.
