

PENN STATE ABINGTON, THE ABINGTON COLLEGE

College Procedures

Change of Campus

If you are transitioning to University Park, you will need to be accepted into a major before changing your campus. You may be able to transition to another Penn State campus without first being accepted into a major, but you should consult your academic adviser before adjusting your campus assignment.

Concurrent Majors

A Concurrent Majors Program is one in which students take courses to concurrently meet the requirements of at least two majors, with graduation for all majors in the program occurring during the same semester. Concurrent majors must be all at the baccalaureate degree level or all at the associate degree level.

Academic Warning

A student who fails to earn a 2.00 cumulative grade-point average will be placed on academic warning. A student placed on academic warning will have a hold placed on registration and will be required to meet with an academic adviser in order for this registration hold to be removed. To remove academic warning, the cumulative grade-point average must be 2.00 or higher.

Students in Academic Warning should work closely with their assigned academic adviser, the Abington College Advising Center, or the Office of Student Success to identify and address issues impacting their academic success.

Academic Suspension

A student in academic warning who fails to maintain a semester grade-point average of 2.00 or higher will be academically suspended. A student who has been academically suspended may not schedule courses at the University for two consecutive semesters. (Note: Summer session is equal to one semester.)

Students who are academically suspended should work closely with their assigned academic adviser, the Abington College Advising Center, or the Office of Student Success to develop a success plan that will be implemented during suspension. At the conclusion of suspension,

students must apply for re-enrollment and submit the required materials for college review.
