

ARBORICULTURE, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Career Paths

Some of the more common positions that are available in the tree care industry for trained arborists include grounds person (performs the pruning or removal of trees and shrubs); climbing arborist (undertakes various types of tree pruning such deadwood removal, crown reduction, specific branch weight reduction, and clearance pruning); and plant health care technician (focuses on keeping plants in the urban environment healthy).
