

ENVIRONMENTAL RESOURCE MANAGEMENT, B.S.

Seven Penn State campuses are scheduled for closure after Spring 2027: DuBois, Fayette, New Kensington, Mont Alto, Shenango, Wilkes-Barre, and York. New students are not being admitted at these campuses.

Begin Campus: Any Penn State Campus

End Campus: University Park

Program Learning Objectives

- Students will be able to identify, participate in, analyze, document, and evaluate a community- or university-based engaged scholarship experience.
- Students will be able to design and manipulate environmental data sets, and calculate accurate solutions to solve environmental media (air, water, soil) problems.
- Students will be able to integrate, evaluate, and explain information from case studies related to environmental issues.
- Students will be able to develop and understand spatially- and temporally-oriented data, and its organization, analysis and application to environmental and natural resource sciences.
