Entrance To Major

In order to be eligible for entrance to the major, the student must submit a proposal. In consultation with a Multidisciplinary Studies adviser, the student formulates a proposal designing a program that investigates a theme from the viewpoint of at least three different subject areas. Students may not duplicate existing majors from any academic area. An important standard for entrance to the Multidisciplinary Studies major is the student's ability to design a program with academic integrity worthy of a bachelor of arts degree.
