Begin Campus: University Park

End Campus: University Park

Retention Requirements

Retention will be determined through the process of scheduled reviews, in concert with verification of sustained academic growth as demonstrated by earning of grades of C or higher within the major. Failure to do so is grounds for an academic warning, with clear written strategies and a time frame for the student to return to good standing. Should the issues not be addressed by the student, the faculty may advise the student into a different program or major.
