

CHILD DEVELOPMENT, CERTIFICATE

Requirements for an undergraduate certificate may be completed at any campus location offering the specified courses for the certificate.

Certificate Learning Objectives

- Apply relevant research and theories of learning to optimize children's developmental outcomes.
- Compare theories of cognitive, social, and personality development and their impact on child development.
- Explain the developmental considerations that influence the diagnosis, behavioral manifestation, and treatment of childhood disorders.
- Demonstrate knowledge of the major domains of development and the biological, psychological, cognitive, and social influences on development within these domains.
