

INTERDISCIPLINARY SCIENCE AND BUSINESS, B.S.

Seven Penn State campuses are scheduled for closure after Spring 2027: DuBois, Fayette, New Kensington, Mont Alto, Shenango, Wilkes-Barre, and York. New students are not being admitted at these campuses.

Begin Campus: Any Penn State Campus

End Campus: Erie

Career Paths

As science, health-care, and technology business continue to grow, demand is expected to increase for employees who understand both what the business does and how to lead it—those with a deep understanding of the science but also a specialization in sales, finance, marketing, or management.

Careers

Interdisciplinary Science and Business graduates can expect to find employment at laboratories, pharmaceutical companies, health-care facilities and medical practices, and environmental firms. Typical entry-level positions include sales representatives, analysts, managers, and specialists in purchasing, supply chain, or operations.
