

LEARNING, DESIGN, AND TECHNOLOGY, MINOR

Requirements for a minor may be completed at any campus location offering the specified courses for the minor. Students may not change from a campus that offers their major to a campus that does not offer their major for the purpose of completing a minor.

Career Paths

A minor in LDT can lead to education and outreach careers in a variety of professional settings including corporate, non-profit, and community-based organizations. Career types can include learning design, learning engineering, instructional design, out-of-school education, workforce development, museum education, outreach specialist, and educational game development.

Opportunities for Graduate Studies

A degree in LDT can provide a foundation for future graduate studies in education, information sciences, human-computer interaction, and psychology.
