College Procedures

Change of Campus

Students may begin their studies in the College of Health and Human Development at any of the Penn State campuses and are expected to remain at the campus of admission until achieving fifth semester standing (59.1 or greater total credits earned). Students initiate a request for Change of Campus using the Update Campus application in LionPATH.

Concurrent Majors

A Concurrent Majors Program is one in which students take courses to concurrently meet the requirements of at least two majors, with graduation for all majors in the program occurring during the same semester. To add a concurrent major in the College of Health and Human Development, students must initiate the Add Major function in LionPATH located in Update Academics and complete the steps required for gaining approval for a concurrent major (<https://aappm.psu.edu/policy/m-3-concurrent-and-sequential-majors-programs>). Students should work with academic advisers in both majors before initiating the LionPATH Update Academics request.

Academic Warning

A student who fails to earn a 2.00 cumulative grade-point average will be placed on academic warning. A student placed on academic warning will have a hold placed on registration and will be required to meet with an academic adviser in order for this registration hold to be removed. Notifications concerning the hold will be sent to a student's campus email address. To remove academic warning, the cumulative grade-point average must be 2.00 or higher.

Academic Suspension

A student in academic warning who fails to maintain a semester grade-point average of 2.00 or higher will be academically suspended. A student who has been academically suspended may not schedule courses at the University for two consecutive semesters. (Note: Summer session is equal to one semester.) If suspended, a student should meet with their adviser to discuss re-enrollment.
