Program Description

The Bachelor of Science in Business (B.S.B.) is a professionally-oriented business degree program that combines the theoretical underpinnings of core business disciplines, notably business analytics, management, marketing, finance, and supply chain management, with applied study in a practical setting. Through the choice of an 18-credit option, students specialize in a key business sector. Students also develop written and oral communication skills throughout the program, acquire contemporary technology skills, and engage in active and collaborative learning. The degree allows students to become familiar with the unique business environments of their local communities, a design that sets the degree apart from other business degrees offered within the University and throughout the Commonwealth.
